[1](#)2. (SBU) On September 18, the Embassy's Environment, Science,  
Technology and Health (ESTH) Counselor met with Paulo Chiarelli,  
acting Director of the Ministry of Exterior Relations' (MRE)  
Division of Environmental Policy and Sustainable Development  
(MRE/DPAD), which is coordinating the Government of Brazil's (GOB)  
participation in climate change negotiations. Earlier on September  
14, the ESTH Office delivered to the Acting Ministry of Energy,  
Nelson Hubner, the letter from Energy Secretary Bodman, which  
encouraged the Energy Ministry to include a representative in the  
GOB's delegation to the Major Economies Meeting (MEM) (REF D).

[1](#)3. (SBU) Chiarelli said the GOB delegation would be as follows:

- Head of Delegation - MRE Under Secretary for Policy Amb. Everton  
Vargas
- Ministry of the Environment - Dr. Thelma Krugg, Secretary for  
Climate Change and Environmental Quality
- Ministry of Science and Technology - Dr. Jose Domingos Gonzalez  
Miguez, General Coordinator for Global Climate Change
- One more person yet to be designated. (Note. Chiarelli thought  
it would possibly be someone from the Brazilian Embassy in  
Washington.)

¶4. (SBU) ESTH Counselor urged the GOB to include a representative from the Energy Ministry. Chiarelli indicated that this is still a possibility. After the MEM, this GOB delegation will go on to New York for the climate change discussion there.

¶5. (SBU) With regard to the information for the matrices requested in REF B, Chiarelli said the GOB technical experts were working on gathering the information requested. He noted that the GOB had been given little time and that the matrices were difficult to work with. He stated the GOB will be providing information, but it probably would not be in the format of the matrices.
